

BAYSIDE  *SCHOOL*

POST-GCSE

OPTIONS

2024

Objectives

- To explain the options available to your child after their GCSEs.
- To offer them the information they need to help them make good, ***informed*** choices.
- To give you the opportunity to ask questions.

What next?

- They can continue their education ...
 - ... at Bayside school,
 - ... at the Gibraltar College,
 - ... at Westside school.
- They can seek employment.

In Bayside

If they stay in Bayside ...

... they can study 2, 3 or 4 A-levels.

What they can do will depend on their results!

A-level courses

Students must study *at least* two subjects at A level.

Two or three A-level courses?

Three A-Level courses is the typical 'diet' most A-Level students follow.

Some students, however, may cope better if they follow ***two*** A-Level courses.

Two or three A-level courses?

To follow **two** A-Level courses ...

... they must have achieved a **minimum** of **four** GCSE grade 4 or C passes (or higher).

(preferably including English and mathematics)

*Two or **three** A-level courses?*

To follow **three** A-Level courses ...

... they must have achieved a **minimum** of **five** GCSE grade 4 or C passes (or higher).

(preferably including English and mathematics)

Four A-level courses ...

To follow **four** A-Level courses ...

... they must have achieved a **minimum** of **six** GCSE grade 6 or B passes (or higher). (**MUST** include English and mathematics)

*(in our experience, only students with **exceptional** GCSE grades can cope with this)* **(8s and 9s)**

Subjects on offer

Accounting

Applied Business

Applied Food Science and Nutrition

Art and Design

Biology

Business Studies

Chemistry

Computer Science

Dance

Design and Technology

Drama and Theatre Studies

Economics

English Literature

Parent institution

When they make their choices, they will 'belong' to the institution where they are following the majority of their courses.

Entry requirements

Different subjects have different entry requirements.

These need to be carefully checked in the ***Post-GCSE Options Booklet***.

Entry requirements

They should also check the entry requirements for ***post-18 courses***, since this will affect their choices.

Expectations

They will have to sign a sixth
form ***Code of Conduct.***

Code of conduct

This includes:

- Attendance  85% or more is required for government funding post A-level
- Being role models for other students
 - wearing the school uniform
 - setting a behavioural example
- Studying independently

Other possibilities

Some students might have given of their best, but may not achieve four grade 4/C's or above.

These students may benefit from trying to obtain further GCSEs.

Other possibilities

Bayside no longer offers a repeat course in Year 12, so students who would like to obtain further GCSEs will need to enrol in the [Gibraltar College](#).

Informed decisions

- They should speak to their teachers,
- Subject information, **Google Classroom**
- Look through A-level resources, 
- Go to the “*Year 11 Information Page*”,
- School website www.baysideschoolgibraltar.gi

Making choices

Once they have done their research ***they*** need to make choices.

They need to complete the ***Options Form.***

check the “*Year 11 Information Page*”

Making choices

DEADLINE:

FRIDAY 22ND MARCH

Objectives

- To explain the options available to them after their GCSEs.
- To offer them the information they need to help them make good, ***informed*** choices.
- To give you the opportunity to ask questions.
